

# Now it's Pock International Runners!

22/12/05

THREE of Pocklington Runners' most experienced members travelled over to the island of Majorca recently to take part in the Calvia Half Marathon.

Along with 700 other runners they undertook this undulating course on a sunny yet windy day, and it was Mike Siddall who was first to appear down the finishing straight in ninth position overall and first in the over 45 year age band in a time of 78-19.

Close behind Mike came Simon Richardson who also had great success by finishing in 13th position and a first place in the over 50s age group, clocking an equally impressive time of 79-54.

Alan Kendra made up the little band of Pock travellers, coming home in 129th position and 19th in the over 40 age band in a good solid time.

He was well pleased with his efforts and time of 96-30.

As always, a very well done to these three seasoned travellers who by going over to Majorca have helped create the new Pocklington International Runners section.

As this will be the last race before Christmas may we wish all Runners, both junior and seniors, a very happy Christmas and look forward to some good times in the New Year.

Post it for the best Sport coverage
